

Flexible Dates

Flexible dates calendar has now moved. You need to go into the calendar to make your date selection, where you will find a box to tick to search 3 days either side of your selected dates.

This function is only available on Return and One-Way itineraries.

The screenshot displays a flight booking interface. At the top, there are radio buttons for "Return" (selected), "One Way", and "Open Jaw". Below these are input fields for "London - Heathrow (LHR)" and "Destination Airport", a date range "04/09/2026 - 11/09/2026", a dropdown for "Economy", and a dropdown for "1 Passenger". A red "Search" button is on the right. On the left, there is a "Preferred Airline" section with a dropdown set to "Any" and a note "Choose up to 3 airlines." On the right, there are checkboxes for "Seat Only" and "VFR". At the bottom right, there is a "Useful Links" section with links for "Promotion terms" and "Website terms of use".

The main focus is the "Flexible Dates" calendar, which is a modal window showing two months: "SEPTEMBER 2026" and "OCTOBER 2026". The calendar has a grid of days. A blue arrow points to the date "29" in September. Below the calendar grid, there is a checkbox labeled "Flexible Dates +/- 3 Days". A red "Done" button is at the bottom of the calendar modal.
